Profile

Web developer with over 3 years of experience in full-stack web development. I'm responsible, self-motivated and a fast learner. I pay attention to detail, write efficient code and want to make the world a better place.

Technical Experience

- Strong knowledge of JavaScript, HTML, CSS, PHP and MySQL
- Knowledge of Adobe Photoshop
- Experience configuring and maintaining high-load web-servers
- Experience with Git Employment

Experience

- Developed web-sites with custom-written CMS (Wordpress, Drupal)
- Maintained high loaded web servers (200,000 hits a day)
- Coded my own projects (trueorfalsecolor.com)

Interests

- Travelling
- Design
- Cycling
